

Report presented by the Board of Directors of Banco Bilbao Vizcaya Argentaria, S.A., pursuant to articles 286, 296, 297.1.a) and 303 of the Corporate Enterprises Act, regarding the proposal of four resolutions on capital increase to be charged to reserves and conferral of authority to the Board of Directors to set the date for the exercise of such capital increases referred to in agenda item three, articles 3.1, 3.2, 3.3 and 3.4 of the Annual General Shareholders Meeting called for 10th and 11th March 2016 on first and second summons, respectively.

This report is drawn up by the Board of Directors of BANCO BILBAO VIZCAYA ARGENTARIA, S.A. ("**BBVA**", the "**Company**" or the "**Bank**"), pursuant to articles 286, 296, 297.1.a) and 303 of the consolidated text of the Corporate Enterprises Act, approved under Royal Legislative Decree 1/2010, of 2nd July, as amended (the "**Corporate Enterprises Act**") with respect to the proposal of four resolutions presented to the Annual General Shareholders' Meeting under agenda item three, articles 3.1, 3.2, 3.3 and 3.4, on capital increase to be charged to reserves under article 303 of the Corporate Enterprises Act and conferring authority on the Board of Directors to set the date of its execution under article 297.1.a) of the Corporate Enterprises Act. Since the terms of the four proposed capital increases are essentially identical, one sole report is presented for articles 3.1, 3.2, 3.3 and 3.4 of agenda item three.

1.- Applicable regulations

Article 296 of the Corporate Enterprises Act provides that any resolution to increase share capital must be adopted by the general meeting pursuant to the requirements established for amending the company bylaws.

In turn, article 297.1.a) of the Corporate Enterprises Act allows the general meeting, with the requirements established for amending the company bylaws, to confer authority upon the directors to set the date on which the adopted resolution on share capital increase will be put into effect at the amount resolved and to establish the conditions for the increase insofar as these are not specified in the general meeting resolution. The term during which this delegated authority may be exercised shall not exceed one year.

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

In this respect, article 286 of the Corporate Enterprises Act requires that the directors draw up a written report explaining the reasons for the proposal in order for the company bylaws to be amended.

Finally, article 303 of the Corporate Enterprises Act establishes that unrestricted reserves, share premium reserves and the part of the legal reserve over and above 10% of the capital already increased may be used when the capital increase is charged to reserves. To such end, a balance sheet approved by the general meeting reflecting a date within the six months immediately prior to the resolution to increase capital, verified by the company auditors, will serve as a basis for the transaction.

2.- Description of the proposal

The shareholder remuneration system called the "**Dividend Option**" offers BBVA shareholders the possibility of receiving all or part of their remuneration in newly-issued ordinary shares, whilst always maintaining the possibility to choose to receive the entire remuneration in cash.

The resolutions' proposal submitted to the Annual General Shareholders' Meeting to offer the Board of Directors the possibility of implementing the Dividend Option this year in light of the situation of the Company, of the markets, the regulatory framework and possible recommendations on dividend pay-outs (the "**Proposal**") is structured into four resolutions to implement a share capital increase charged to voluntary reserves (each one of these, an "**Increase**" or a "**Capital Increase**" and all together, the "**Increases**") that are put to the approval of the Annual General Shareholders' Meeting under articles 3.1, 3.2, 3.3 and 3.4 of its agenda item three.

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

Notwithstanding article 3 *-Grounds for the Proposal-* of this report and although the Increases are all intended for the same purpose, each one of them is independent from the others. Thus, they may be executed on different dates and even not executed, in light of the Company's needs and corporate interest, in which case the Increases not executed will be rendered null and void.

The execution of the Increases could be combined with the corresponding resolutions to pay out the interim dividends during 2016 that, where forthcoming, the Board of Directors may adopt during the year, always in pursuit of the corporate interest.

The total number of shares to be issued in each Capital Increase will be such that the sum of the reference market value for these shares at the time of its execution (calculated as the arithmetic mean of the average weighted price of BBVA shares traded on the Spanish SIBE electronic trading platform over five trading days prior to the date on which it is resolved to put the corresponding Increase into effect (the "**Reference Price**")) will be a maximum of €900m (nine hundred million euros) in the first Capital Increase, €700m (seven hundred million euros) in the second Capital Increase, €700m (seven hundred million euros) in the third Capital Increase and €700m (seven hundred million euros) in the fourth Capital Increase.

When the execution of a Capital Increase is resolved:

- (a) One right of free allocation for each BBVA share will be assigned to whoever is accredited in accordance with the applicable rules. These rights will be negotiable on the Spanish securities exchanges during a minimum period of 15 calendar days. Once this period has elapsed, the rights will be automatically converted into newly-issued ordinary Bank shares, which will be attributed to their holders. The number of rights necessary for the allocation of a new share and the number of

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

shares to be issued will depend, among other factors, on the Reference Price and the reference market value of that Increase, pursuant to the procedure established in the proposed resolutions.

- (b) The Bank undertakes an irrevocable commitment to acquire the rights of free allocation that are originally attributed at the time of allocation, at a guaranteed fixed price, under the terms described in the Proposal (the "**Acquisition Commitment**"). This fixed price will be calculated prior to the commencement of the trading period for the rights of free allocation, as a function of the Reference Price (so that the purchase price for each right will be the result of dividing the Reference Price by the number of rights necessary to receive one new share, plus one). This ensures that all shareholders' rights will be liquid, so that they can receive their remuneration in cash.

Only whoever has originally received the rights of free allocation may exercise the Acquisition Commitment and only with respect to the rights that have been initially allocated to them at that time. It is not possible to exercise the Acquisition Commitment with respect to rights of free allocation acquired on the market.

With this Proposal, BBVA aims to provide the remuneration to its shareholders with flexibility. The Bank wishes to offer them an alternative that, while in no way limiting their possibility of receiving the entire annual remuneration in cash if they so choose, allows them to receive Bank shares under the applicable tax regulations for the vesting of shares that is described below.

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

Consequently, on the occasion of the execution of each Increase, BBVA shareholders will have the option, at their own free choice¹:

- (a) Not to transfer their rights of free allocation. In this case, at the end of the trading period, the shareholder will receive the number of newly-issued shares to which they are entitled.
- (b) To transfer all or some of their rights of free allocation to BBVA under the Acquisition Commitment. This way, shareholders will receive all or part of their remuneration in cash at the guaranteed fixed price instead of receiving shares.
- (c) To transfer all or some of their rights of free allocation on the market. In this case, shareholders may also receive all or part of their remuneration in cash, albeit at the price at which the rights are trading at that moment and not at the guaranteed fixed price established under the Acquisition Commitment.

Should any of the Increases be executed, BBVA shareholders would once again be offered the possibility of opting to receive their remuneration in cash or in Bank shares, as occurred and met with widespread acceptance over the last five years.

¹ *The options available for Bank shareholders whose holding is in American Depositary Shares may entail specific aspects that differ from the options described here.*

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

3.- Grounds for the Proposal

Dividend Option is a scheme that provides the required flexibility to align the shareholders interest with those of the Company at any given time, by combining its execution with the interim dividends that may be adopted.

The implementation of the Dividend Option in previous years, alongside other additional capital management measures, has helped the Bank to shore up its equity and achieve a sound capital position under the new solvency requirements, despite the complex economic and regulatory situation.

In turn, it has also enabled the Bank to continue to offer adequate dividend yield to the minority and institutional shareholders forming the BBVA shareholding structure, whose investment profiles and expectations regarding yield vary (holders of approximately 90% of the Company shares chose to receive their remuneration in newly-issued ordinary shares, during Dividend Option executions of 2015), at all times taking into account the interest of the shareholders as a whole and, consequently, the interest of the Company.

The Proposal is intended to provide the Company with appropriate flexibility (whenever this may be necessary) to establish the shareholder remuneration scheme that is most favourable at any given time, depending on the situation of the Company, the situation of the markets, the regulatory framework and the recommendations regarding dividends that may be adopted, or any other measures that may be resolved within the regulatory framework applicable to the Bank during the present year.

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

Consequently, the Proposal enables the Bank to continue to adequately comply with the interests of the shareholders as a whole, adapting their remuneration to their own circumstances, and to the market and the regulatory situation.

Thus, the Board of Directors considers it advisable to propose the Increases to the Annual General Shareholders' Meeting, so that it may, where necessary, implement the Dividend Option in 2016, as this mechanism would enable it to shore up the Bank's solvency ratios and comply with the shareholders' remuneration at all times, while at the same time being able to handle any regulatory needs that may arise, always pursuing the interest of the Company.

4.- Tax regulations

In general, and pursuant to the criteria stated by the Tax Department (*Dirección General de Tributos*) in response to several binding queries, the applicable tax regulations in Spain for shareholders are as follows:

For tax purposes, the vesting of shares issued in each Capital Increase will be deemed to be the vesting of free-of-charge shares and, consequently, does not comprise income for the purposes of personal income tax ("**IRPF**") or for corporate income tax ("**IS**") or for non-residents' income tax ("**IRNR**"), whether or not acting through a permanent establishment in Spain.

The acquisition value of new shares received as a consequence of each Capital Increase and of the shares from which they originate will be the total cost divided by the corresponding number of shares, including both old and newly-issued shares. The seniority of such free-of-charge shares will be the same as the shares from which they originate.

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

If shareholders sell their free allocation rights on the market, the amount obtained from the transfer of such rights will, in general, be subject to the following taxes:

- In the case of IRPF and IRNR, if the transaction is carried out without the mediation of a permanent establishment, the amount obtained from the transfer of rights of free allocation on the market will receive the same tax treatment as preemptive subscription rights. Consequently, for tax purposes, the amount obtained from the transfer of the rights of free allocation is subtracted from the acquisition value of the shares from which these rights originate, in application of article 37.1.a) of Act 26/2014, of 27th November, amending Act 35/2006, of 28th November, on Personal Income Tax (IRPF), the consolidated text of the non-Resident Income Tax Act (IRNR) approved under Royal Legislative Decree 5/2004, of 5th March, and other tax regulations.

Thus, only if the amount obtained from the transfer exceeds the acquisition value of the shares from which they originate will the difference be considered a capital gain for the transferor in the tax period in which the transfer takes place.

- In the case of IS and IRNR, when the transaction is carried out through a permanent establishment in Spain, insofar as it completes a full trading cycle, tax will be payable in accordance with applicable accounting rules.

If those who are entitled to the rights of free allocation decide to exercise the Acquisition Commitment, the tax regulations applicable to the amount obtained in the transfer to the Bank of the rights of free allocation will be equivalent to the tax regulations applicable to dividends distributed directly in cash and therefore subject to the corresponding withholding tax, which currently stands at 19%.

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

5.- Conferral of authority and implementation of each Increase

It is proposed to confer authority on the Board of Directors, which is in turn authorised to delegate this authority to the Executive Committee, with express powers to delegate it in turn; to the Group Executive Chairman, to the Chief Executive Officer, to any other director, and to empower any Company proxy; to establish the date on which each Increase resolution will be put into effect, and to establish the conditions for each Increase insofar as these are not included in the General Meeting resolution. All this will be done under the terms established in article 297.1a) of the Corporate Enterprises Act, including the power to abstain from implementing the resolutions, whenever this is deemed advisable in light of the corporate interest. In this case, the Board of Directors must report on this to the first General Shareholders' Meeting to be held after the term established for its implementation has elapsed. In particular, in order to resolve to execute each of the Increases, it may analyse and take into account several factors, including the market conditions and the take-up of previous Increases that may have been executed.

The definitive terms will be published when it resolves to execute an Increase. In particular, prior to the beginning of each trading period of the rights of free allocation, the Bank will make pertinent documents available to the public, containing the necessary information on the number and nature of the shares and the grounds and details of the Increase, pursuant to article 26.1.e) of Royal Decree 1310/2005, of 4th November, partially developing Act 24/1988, of 28th July, on Securities Exchanges, with respect to the listing of securities for trading on regulated secondary markets, public bids of sale or subscription and the prospectus required for such purposes, or in accordance with the regulations applicable at any given time.

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

Finally, once the trading period for the rights of free allocation has ended, due record will be made in the financial statements regarding the application of the voluntary reserves in the amount of the corresponding Increase, which by this means will become paid-up capital. Likewise, the corresponding resolutions will be adopted to amend the Company Bylaws in order to reflect the new figure of share capital resulting from each Increase and the request for listing of the new shares on the securities markets where the BBVA shares are traded at the time of their issue.

6.- Proposed resolutions

The entire text of the proposed resolutions on capital increase to be charged to reserves and to authorise the Board of Directors to establish the dates of such increases, pursuant to articles 303 and 297.1.a) of the Corporate Enterprises Act, which will be submitted to the Annual General Shareholders' Meeting, is hereby transcribed as follows:

***“3.1 Increase the share capital by issuance of new ordinary shares, each with a nominal value of €0.49, without issue premium and of the same class and series as the shares currently outstanding, to be charged to voluntary reserves. Possibility of undersubscription. Commitment to purchase shareholder’s free allocation rights at a guaranteed fixed price. Request for listing. Conferral of powers upon the Board of Directors.*”**

1. Increase of share capital to be charged to reserves.- It is resolved to increase the share capital of Banco Bilbao Vizcaya Argentaria S.A. (“BBVA”, the “Company” or the “Bank”), to be charged to voluntary reserves by an amount calculated by multiplying (a) the number of new shares to be issued as determined by the formula below, by (b) €0.49 (the nominal value of an ordinary BBVA share). The capital increase will be achieved by issuing new ordinary shares of the Company of the same class and series and with the same rights as those currently outstanding, each with a nominal value of €0.49, represented by book-entries, for free allocation to the Bank’s shareholders.

The possibility of incomplete subscription of the capital increase is expressly provided for as required by article 311 of the Corporate Enterprises Act. If the issue is undersubscribed, the share capital increase will be for the amount actually subscribed.

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

The number of new ordinary shares to be issued will be the outcome of the following formula, rounding down to the next whole number:

$$NOS / NAR$$

Where:

***NOS** (number of old shares) is the total number of BBVA shares, in which the share capital is divided on the date of the resolution to implement the capital increase; and*

***NAR** (number of allocation rights) is the number of rights of free allocation necessary to be assigned one new share. This will be determined by the following formula, rounding up to the next whole number:*

$$NAR = RP \times NOS / RMV$$

Where:

***RP** (reference price) is the reference trading price of BBVA's shares for the purpose of the present capital increase. This will be the arithmetic mean of the average weighted price of BBVA shares traded on the Spanish SIBE electronic trading platform over five (5) trading days prior to the date of the resolution to implement the capital increase, rounded off to the nearest one-thousandth of a euro. In the event of a half of one-thousandth of a euro, this will be rounded up to the nearest one-thousandth. In no event can the RP be less than the nominal value of the Company's shares. Therefore, if the result of the calculation is less than €0.49, the RP will be €0.49.*

***RMV** is the maximum reference market value of the capital increase, which cannot exceed €900,000,000.*

- 2. **Reference balance sheet.**- According to article 303 of the Corporate Enterprises Act, the balance sheet to be used as the basis of the transaction is that of 31st December 2015, duly approved by the Bank's auditor and by this General Shareholders' Meeting under agenda item one.*
- 3. **Reserves used.**- The capital increase will be wholly charged against voluntary reserves, which at 31st December 2015 stood at €6,970,821,339.21.*
- 4. **Right of free allocation.**- Every share will convey one right of free allocation.*

A certain number of rights (NDA) will be necessary to receive one new share. In order to ensure that all free allocation rights can be effectively exercised and the number of new shares is a whole number, BBVA or a Group subsidiary will waive the corresponding number of its free allocation rights to which they would have been entitled.

This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.

5. **Assignment and transferability of rights of free allocation.-** *The rights of free allocation will be assigned to whoever is accredited in accordance with the applicable rules, at the end of the day of the publication of the capital increase announcement in the Official Gazette of the Companies Registry (BORME).*

The free allocation rights will be transferrable under the same conditions as the shares from which they derive and may be traded on the market during the period determined in accordance with article 503 of the Corporate Enterprises Act.

At the end of the trading period for the free allocation rights, new shares that cannot be assigned will be held in deposit and made available to whoever can evidence its lawful ownership. After three years, any new shares that are still pending allocation can be sold in accordance with article 117 of the Corporate Enterprises Act, acting without liability on behalf of the interested parties. The net amount of such sale shall be held available to the parties concerned in the manner established by applicable legislation.

6. **Commitment to purchase the rights of free allocation.-** *BBVA will undertake to purchase the rights of free allocation, complying strictly with any legal limitations, exclusively to whoever has been originally assigned such rights of free allocation and only in connection with the rights which have been initially allocated to them at such time; accordingly, this option will not be available in respect of any rights of free allocation acquired through a market purchase.*

The price at which BBVA will undertake to acquire each right of free allocation will be calculated by the following formula (rounding off to the closest one-thousandth of a euro and, in the event of a half of a thousandth of a euro, by rounding up to the next whole thousandth):

$$RP / (NAR + 1)$$

BBVA's commitment to acquire rights of free allocation at the price resulting from the aforementioned formula will remain in force and can be exercised by whoever is entitled to do so during a period to be determined, within the trading period for such rights.

For this purpose it is agreed to authorise the Bank to acquire such rights of free allocation up to a maximum of the total rights issued, always complying with the legal applicable limits.

7. **Form and rights of the new shares.-** *The new shares will be represented by book entries, and the books will be managed by Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.U. (IBERCLEAR), which performs such function along with its participating entities. The new shares will confer on their holders the same rights as the rest of BBVA's ordinary shares.*
8. **Listing.-** *It is resolved to apply for listing of the new shares on the securities exchanges in Madrid, Barcelona, Bilbao and Valencia via the Spanish SIBE electronic trading platform. This also applies to the arrangements and documents*

This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.

required for listing on the foreign securities exchanges where BBVA's shares are traded at the time of issue (currently London and Mexico, and via ADS's (American Depository Shares) on the securities markets of New York and also on the Lima Stock Exchange, due to the interchange agreement between both markets). These arrangements also apply to the new shares issued as a consequence of the capital increase and BBVA expressly agrees to be bound by present and future rules of these markets, especially regarding contracts, listing and delisting for the official trading system.

For legal purposes it is hereby expressly stated that should a request be made subsequently to delist BBVA's shares, the Bank will comply with all the formalities required by applicable legislation. It will also guarantee the interests of shareholders who oppose or who do not vote for delisting, thereby satisfying the requirements of the Corporate Enterprises Act, of the Securities Exchange Act and of other applicable regulations.

- 9. Execution of the resolution and conferral of authority.-** *It is resolved to confer authority on the Board of Directors, pursuant to article 297.1.a) of the Corporate Enterprises Act and article 30.c) of the Company Bylaws, empowering it to delegate this authority on the Executive Committee with express powers to delegate it in turn; on the Group Executive Chairman; on the Chief Executive Officer; on any other Company director; and empower any proxy of the Company, to set the date on which the resolution to increase capital will be carried out, which will be determined by observing the provisions of this resolution, within one (1) year from the date of this resolution, and to determine the new wording applicable to the Company Bylaws regarding the total amount of share capital and the number of shares comprising it.*

Pursuant to article 30.c) of the Company Bylaws, the Board of Directors may refrain from executing the present capital increase in view of market conditions, the circumstances of the Bank itself or a social or economic fact or event that makes the action unadvisable. In such case it will report on this to the first General Shareholders' Meeting held following the end of the period established for execution.

Likewise, it is resolved to confer authority on the Board of Directors, also pursuant to article 297.1.a) of the Corporate Enterprises Act, and also empowering it to delegate the authority on the Executive Committee, with express faculties to delegate it in turn; on the Group Executive Chairman; on the Chief Executive Officer; on any other Company director; and empower any proxy of the Company, to establish the conditions of the capital increase insofar as these are not covered in the foregoing articles and, in particular, on the following list which does not constitute a limitation or restriction of any kind:

- (i) To determine the final amount of the capital increase, the number of new shares, the market reference value (up to a maximum of €900,000,000) and the number of rights of free allocation necessary to receive one new share, all in accordance with the provisions established in previous articles.*

<p>This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.</p>

- (ii) *To determine the specific voluntary reserve accounts or sub accounts against which the capital increase will be charged.*
- (iii) *To establish the period for trading the rights of free allocation in accordance with article 503 of the Corporate Enterprises Act.*
- (iv) *To determine the period in which BBVA's commitment to acquire rights of free allocation will remain in force and would be exercised by the shareholders in the terms indicated above, which shall take place within the period determined for trading the rights of free allocation.*
- (v) *To decline the number of rights of free allocation needed to reconcile the allocation ratio for the new shares, to decline the rights of free allocation that are acquired under the purchase commitment and to decline any rights of free allocation as might be necessary or appropriate.*
- (vi) *To declare the capital increase finalised and closed at the end of the above period for trading the rights of free allocation, declaring, when applicable, that subscription was incomplete and signing whatever public and private documents might be needed for the total or partial execution of the capital increase.*
- (vii) *To draw up, sign and present the necessary or appropriate documents for the issue and listing of the new shares and the rights of free allocation with the CNMV (securities exchange authority) or with any other competent Spanish or international authority or organisation, assuming responsibility for the content and to draw up, sign and present any additional information, supplements or complementary documentation as needed or required, being also authorised to request their verification and registration.*
- (viii) *To carry out any action, declaration or negotiation with the CNMV (securities exchange authority), with the Bank of Spain, with the European Central Bank, with the governing bodies of the securities exchanges, with Sociedad de Bolsas, S.A., IBERCLEAR, and with any other organisation, entity or register, whether public or private, Spanish or international, to obtain (if necessary or advisable) the authorisation, verification and execution of the issue, as well as the listing of the new shares.*
- (ix) *To draw up and publish any announcements that may be necessary or advisable.*
- (x) *To draw up, sign, execute and, if necessary, certify any type of document related to the capital increase, including without limit any public and private documents required.*
- (xi) *To draw up, sign and present the documentation needed or required, as well as to complete the acts or formalities needed or convenient so that the new shares associated with the capital increase can be entered in the registers of IBERCLEAR and its participating entities and listed on the*

(IBERCLEAR), which performs such function along with its participating entities. The new shares will confer on their holders the same rights as the rest of BBVA's ordinary shares.*
- 8. *Listing.-*** *It is resolved to apply for listing of the new shares on the securities exchanges in Madrid, Barcelona, Bilbao and Valencia via the Spanish SIBE electronic trading platform. This also applies to the arrangements and documents required for listing on the foreign securities exchanges where BBVA's shares are traded at the time of issue (currently London and Mexico, and via ADS's (American Depository Shares) on the securities markets of New York and also on the Lima Stock Exchange, due to the interchange agreement between both markets). These arrangements also apply to the new shares issued as a consequence of the capital increase and BBVA expressly agrees to be bound by present and future rules of these markets, especially regarding contracts, listing and delisting for the official trading system.*

For legal purposes it is hereby expressly stated that should a request be made subsequently to delist BBVA's shares, the Bank will comply with all the formalities required by applicable legislation. It will also guarantee the interests of shareholders who oppose or who do not vote for delisting, thereby satisfying the requirements of the Corporate Enterprises Act, of the Securities Exchange Act and of other applicable regulations.

delegate this authority on the Executive Committee with express powers to delegate it in turn; on the Group Executive Chairman; on the Chief Executive Officer; on any other Company director; and empower any proxy of the Company, to set the date on which the resolution to increase capital will be carried out, which will be determined by observing the provisions of this resolution, within one (1) year from the date of this resolution, and to determine the new wording applicable to the Company Bylaws regarding the total amount of share capital and the number of shares comprising it.

Pursuant to article 30.c) of the Company Bylaws, the Board of Directors may refrain from executing the present capital increase in view of market conditions, the circumstances of the Bank itself or a social or economic fact or event that makes the action unadvisable. In such case it will report on this to the first General Shareholders' Meeting held following the end of the period established for execution.

Likewise, it is resolved to confer authority on the Board of Directors, also pursuant to article 297.1.a) of the Corporate Enterprises Act, and also empowering it to delegate the authority on the Executive Committee, with express faculties to delegate it in turn; on the Group Executive Chairman; on the Chief Executive Officer; on any other Company director; and empower any proxy of the Company, to establish the conditions of the capital increase insofar as these are not covered in the foregoing articles and, in particular, on the following list which does not constitute a limitation or restriction of any kind:

- (i) To determine the final amount of the capital increase, the number of new shares, the market reference value (up to a maximum of €700,000,000) and the number of rights of free allocation necessary to receive one new share, all in accordance with the provisions established in previous articles.*
- (ii) To determine the specific voluntary reserve accounts or sub accounts against which the capital increase will be charged.*
- (iii) To establish the period for trading the rights of free allocation in accordance with article 503 of the Corporate Enterprises Act.*
- (iv) To determine the period in which BBVA's commitment to acquire rights of free allocation will remain in force and would be exercised by the shareholders in the terms indicated above, which shall take place within the period determined for trading the rights of free allocation.*
- (v) To decline the number of rights of free allocation needed to reconcile the allocation ratio for the new shares, to decline the rights of free allocation that are acquired under the purchase commitment and to decline any rights of free allocation as might be necessary or appropriate.*
- (vi) To declare the capital increase finalised and closed at the end of the above period for trading the rights of free allocation, declaring, when applicable, that subscription was incomplete and signing whatever public*

and private documents might be needed for the total or partial execution of the capital increase.

- (vii) To draw up, sign and present the necessary or appropriate documents for the issue and listing of the new shares and the rights of free allocation with the CNMV (securities exchange authority) or with any other competent Spanish or international authority or organisation, assuming responsibility for the content and to draw up, sign and present any additional information, supplements or complementary documentation as needed or required, being also authorised to request their verification and registration.*
- (viii) To carry out any action, declaration or negotiation with the CNMV (securities exchange authority), with the Bank of Spain, with the European Central Bank, with the governing bodies of the securities exchanges, with Sociedad de Bolsas, S.A., IBERCLEAR, and with any other organisation, entity or register, whether public or private, Spanish or international, to obtain (if necessary or advisable) the authorisation, verification and execution of the issue, as well as the listing of the new shares.*
- (ix) To draw up and publish any announcements that may be necessary or advisable.*
- (x) To draw up, sign, execute and, if necessary, certify any type of document related to the capital increase, including without limit any public and private documents required.*
- (xi) To draw up, sign and present the documentation needed or required, as well as to complete the acts or formalities needed or convenient so that the new shares associated with the capital increase can be entered in the registers of IBERCLEAR and its participating entities and listed on the securities exchanges in Madrid, Barcelona, Bilbao and Valencia via the Spanish SIBE electronic trading platform and on foreign securities exchanges that list BBVA's shares at the time of issue.*
- (xii) And to take whatever action might be necessary or appropriate to execute and register the capital increase before whatever entities and organisations, whether public or private, Spanish or foreign, including clarifications, supplements and amendment of defects or omissions that might impede or hinder the full effectiveness of the present resolution.*

3.3 Increase the share capital by issuance of new ordinary shares, each with a nominal value of €0.49, without issue premium and of the same class and series as the shares currently outstanding, to be charged to voluntary reserves. Possibility of undersubscription. Commitment to purchase shareholder's free allocation rights at a guaranteed fixed price. Request for listing. Conferral of powers upon the Board of Directors.

1. Increase of share capital to be charged to reserves.- It is resolved to increase the share capital of Banco Bilbao Vizcaya Argentaria S.A. ("BBVA", the

“Company” or the “Bank”), to be charged to voluntary reserves by an amount calculated by multiplying (a) the number of new shares to be issued as determined by the formula below, by (b) €0.49 (the nominal value of an ordinary BBVA share). The capital increase will be achieved by issuing new ordinary shares of the Company of the same class and series and with the same rights as those currently outstanding, each with a nominal value of €0.49, represented by book-entries, for free allocation to the Bank’s shareholders.

The possibility of incomplete subscription of the capital increase is expressly provided for as required by article 311 of the Corporate Enterprises Act. If the issue is undersubscribed, the share capital increase will be for the amount actually subscribed.

The number of new ordinary shares to be issued will be the outcome of the following formula, rounding down to the next whole number:

$$NOS / NAR$$

Where:

NOS (number of old shares) is the total number of BBVA shares, in which the share capital is divided on the date of the resolution to implement the capital increase; and

NAR (number of allocation rights) is the number of rights of free allocation necessary to be assigned one new share. This will be determined by the following formula, rounding up to the next whole number:

$$NAR = RP \times NOS / RMV$$

Where:

RP (reference price) is the reference trading price of BBVA’s shares for the purpose of the present capital increase. This will be the arithmetic mean of the average weighted price of BBVA shares traded on the Spanish SIBE electronic trading platform over five (5) trading days prior to the date of the resolution to implement the capital increase, rounded off to the nearest one-thousandth of a euro. In the event of a half of one-thousandth of a euro, this will be rounded up to the nearest one-thousandth. In no event can the RP be less than the nominal value of the Company’s shares. Therefore, if the result of the calculation is less than €0.49, the RP will be €0.49.

RMV is the maximum reference market value of the capital increase, which cannot exceed €700,000,000.

- 2. Reference balance sheet.-** *According to article 303 of the Corporate Enterprises Act, the balance sheet to be used as the basis of the transaction is that of 31st December 2015, duly approved by the Bank’s auditor and by this General Shareholders’ Meeting under agenda item one.*

This English version is a translation of the original in Spanish for information purposes only. In case of discrepancy, the Spanish original will prevail.

3. **Reserves used.-** *The capital increase will be wholly charged against voluntary reserves, which at 31st December 2015 stood at €6,970,821,339.21.*

4. **Right of free allocation.-** *Every share will convey one right of free allocation.*

A certain number of rights (NDA) will be necessary to receive one new share. In order to ensure that all free allocation rights can be effectively exercised and the number of new shares is a whole number, BBVA or a Group subsidiary will waive the corresponding number of its free allocation rights to which they would have been entitled.

5. **Assignment and transferability of rights of free allocation.-** *The rights of free allocation will be assigned to whoever is accredited in accordance with the applicable rules, at the end of the day of the publication of the capital increase announcement in the Official Gazette of the Companies Registry (BORME).*

The free allocation rights will be transferrable under the same conditions as the shares from which they derive and may be traded on the market during the period determined in accordance with article 503 of the Corporate Enterprises Act.

At the end of the trading period for the free allocation rights, new shares that cannot be assigned will be held in deposit and made available to whoever can evidence its lawful ownership. After three years, any new shares that are still pending allocation can be sold in accordance with article 117 of the Corporate Enterprises Act, acting without liability on behalf of the interested parties. The net amount of such sale shall be held available to the parties concerned in the manner established by applicable legislation.

6. **Commitment to purchase the rights of free allocation.-** *BBVA will undertake to purchase the rights of free allocation, complying strictly with any legal limitations, exclusively to whoever has been originally assigned such rights of free allocation and only in connection with the rights which have been initially allocated to them at such time; accordingly, this option will not be available in respect of any rights of free allocation acquired through a market purchase.*

The price at which BBVA will undertake to acquire each right of free allocation will be calculated by the following formula (rounding off to the closest one-thousandth of a euro and, in the event of a half of a thousandth of a euro, by rounding up to the next whole thousandth):

$$RP / (NAR + 1)$$

BBVA's commitment to acquire rights of free allocation at the price resulting from the aforementioned formula will remain in force and can be exercised by whoever is entitled to do so during a period to be determined, within the trading period for such rights.

For this purpose it is agreed to authorise the Bank to acquire such rights of free allocation up to a maximum of the total rights issued, always complying with the legal applicable limits.

It will also guarantee the interests of shareholders who oppose or who do not vote for delisting, thereby satisfying the requirements of the Corporate Enterprises Act, of the Securities Exchange Act and of other applicable regulations.

9. **Execution of the resolution and conferral of authority.-** *It is resolved to confer authority on the Board of Directors, pursuant to article 297.1.a) of the Corporate Enterprises Act and article 30.c) of the Company Bylaws, empowering it to delegate this authority on the Executive Committee with express powers to delegate it in turn; on the Group Executive Chairman; on the Chief Executive Officer; on any other Company director; and empower any proxy of the Company, to set the date on which the resolution to increase capital will be carried out, which will be determined by observing the provisions of this resolution, within one (1) year from the date of this resolution, and to determine the new wording applicable to the Company Bylaws regarding the total amount of share capital and the number of shares comprising it.*
