This document is only provided for information purposes and does not constitute, nor must it be interpreted as, an offer to sell or exchange or acquire, or an invitation for offers to buy securities issued by any of the aforementioned companies. Any decision to buy or invest in securities in relation to a specific issue must be made solely and exclusively on the basis of the information set out in the pertinent prospectus filed by the company in relation to such specific issue. Nobody who becomes aware of the information contained in this report must regard it as definitive, because it is subject to changes and modifications.

This document contains or may contain forward looking statements (in the usual meaning and within the meaning of the US Private Securities Litigation Act of 1995) regarding intentions, expectations or projections of BBVA or of its management on the date thereof, that refer to miscellaneous aspects, including projections about the future earnings of the business. The statements contained herein are based on our current projections, although the said earnings may be substantially modified in the future by certain risks, uncertainty and others factors relevant that may cause the results or final decisions to differ from such intentions, projections or estimates. These factors include, without limitation, (1) the market situation, macroeconomic factors, regulatory, political or government guidelines, (2) domestic and international stock market movements, exchange rates and interest rates, (3) competitive pressures, (4) technological changes, (5) alterations in the financial situation, creditworthiness or solvency of our customers, debtors or counterparts. These factors could condition and result in actual events differing from the information and intentions stated, projected or forecast in this document and other past or future documents. BBVA does not undertake to publicly revise the contents of this or any other document, either if the events are not exactly as described herein, or if such events lead to changes in the stated strategies and intentions.

The contents of this statement must be taken into account by any persons or entities that may have to make decisions or prepare or disseminate opinions about securities issued by BBVA and, in particular, by the analysts who handle this document. This document may contain summarised information or information that has not been audited, and its recipients are invited to consult the documentation and public information filed by BBVA with stock market supervisory bodies, in particular, the prospectuses and periodical information filed with the Spanish Securities Exchange Commission (CNMV) and the Annual Report on form 20-F and information on form 6-K that are disclosed to the US Securities and Exchange Commission.

Distribution of this document in other jurisdictions may be prohibited, and recipients into whose possession this document comes shall be solely responsible for informing themselves about, and observing any such restrictions. By accepting this document you agree to be bound by the foregoing Restrictions.

Spain's economy: Myth vs Reality

Myth

Reality

Real GDP growth

Protracted recession

% y/y (E.C. est.)	2009	2010e	<u>2011e</u>
Spain	-3.6	-0.4	+0.8
Euro	-4.1	+0.9	+1.5

Public debt / GDP

Critical government debt levels

% of GDP (E.C. est.)	<u>2010e</u>	<u> 2011e</u>
Spain	65 %	72 %
Euro	85 %	89%

Household leverage

High, not sustainable

% gross disposable income	<u> 2007</u>	<u>2010e</u>
Savings rate	11%	19%
Affordability (monthly payment)	43%	29 %

Corporate indebtedness

High leverage of corporates

% of GDP	2000	2009
Credit to Firms	48%	9 4%
Credit excluding RE	36 %	51%

External sector

Economy is losing external competitiveness

	<u>2007</u>	<u>2009</u>
Current account (% of GDP)	-10%	-5.4%
Exports of G&S (% of world)	2.2%	2.2%

Spain is not the same for everyone

BBVA: outperforming in Spain

Better prepared for the current cycle

Clear asset quality outlook

Outperforming peers in 1Q10

Clear opportunities to continue to deliver earnings through profitable growth

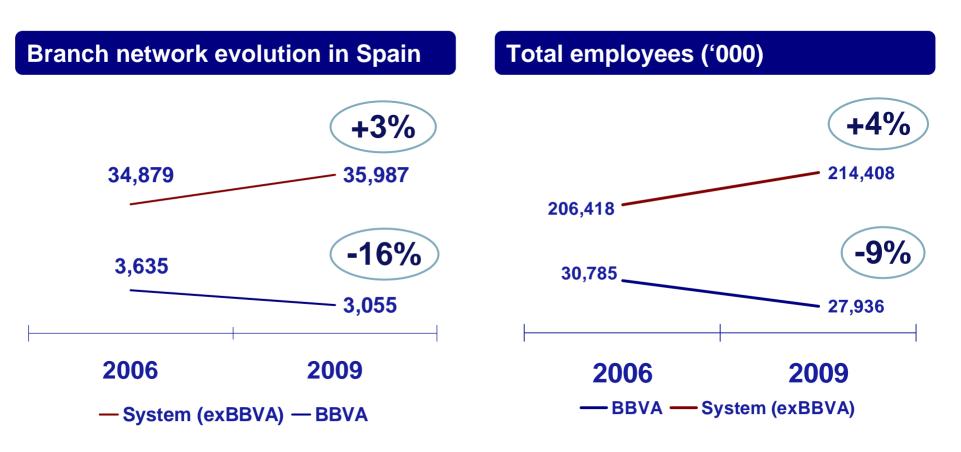

BBVA

80% of Saving Banks Capacity reduction likely to merge 40% are in talks or High customer churn have agreed to merge ~ 20% of branches Flight to quality expected to close Less competition in loan Narrowing customer spreads origination are not sustainable

~ 15-25% of business / customers are lost with branch integration or closure processes

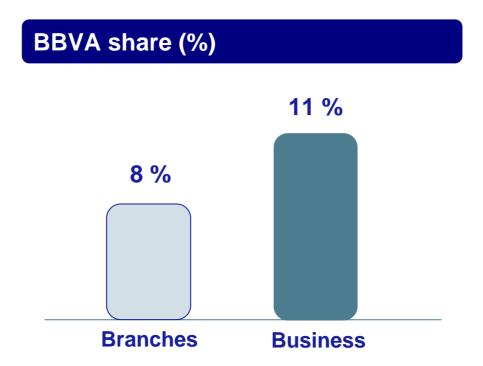

Before the end of the credit boom era, BBVA launched its Transformation

Whilst BBVA was reducing capacity, the sector continued to open branches and hire employees

BBVA has a lean and productive branch network, with no pending restructuring needs

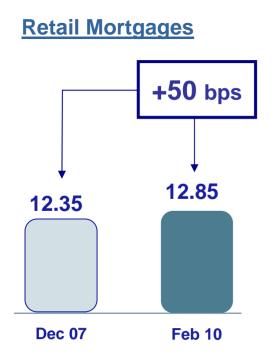

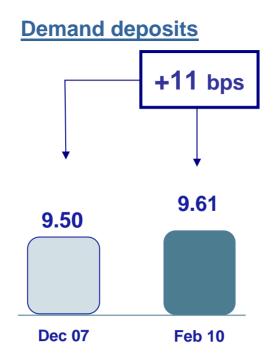

Capturing our natural share of the business to be lost by competitors represents an important opportunity

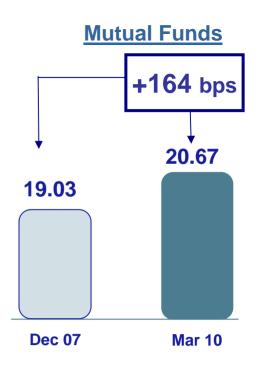

BBVA's network transformation was achieved while maintaining a high commercial intensity

Market share evolution (%)

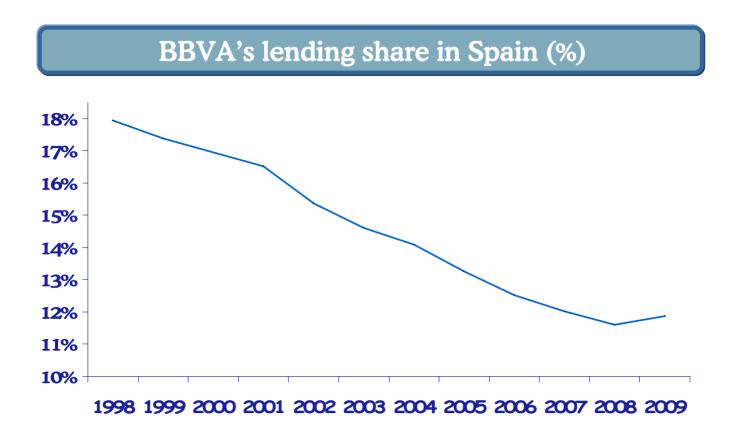

BBVA has been able to gain market share in core products through its Transformation process

Latest available data

Better asset quality due to significant BBVA market share loss during the credit boom years

New entrants, such as foreign banks and the saving banks, grew aggressively in the high part of the cycle

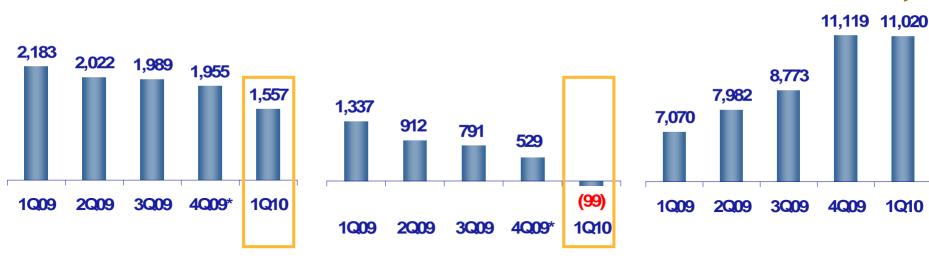

Negative Net NPA additions in 1Q10

Gross additions to NPA Spain & Portugal (€m)

Net additions to NPA Spain & Portugal (€m)

NPA balance Spain & Portugal (€m)

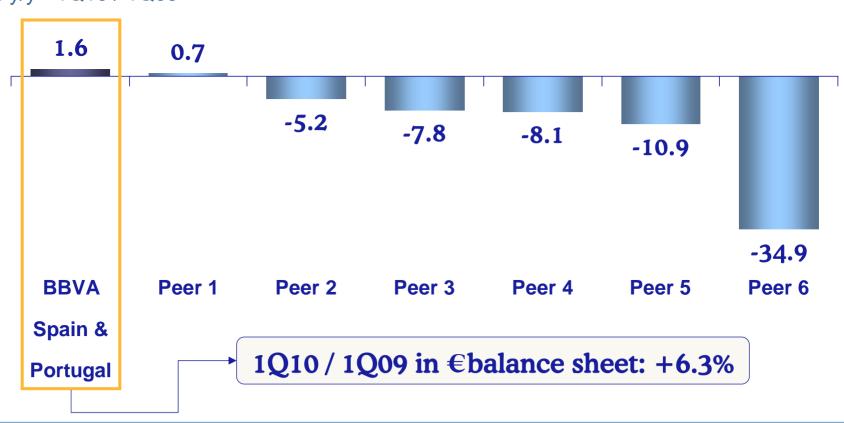

NPL formation from Developers and Consumer continues to drop, other segments stable or down

While outperforming peers in NII growth

Net interest income (NII) BBVA vs domestic peers* % v/v - 1Q10 / 1Q09

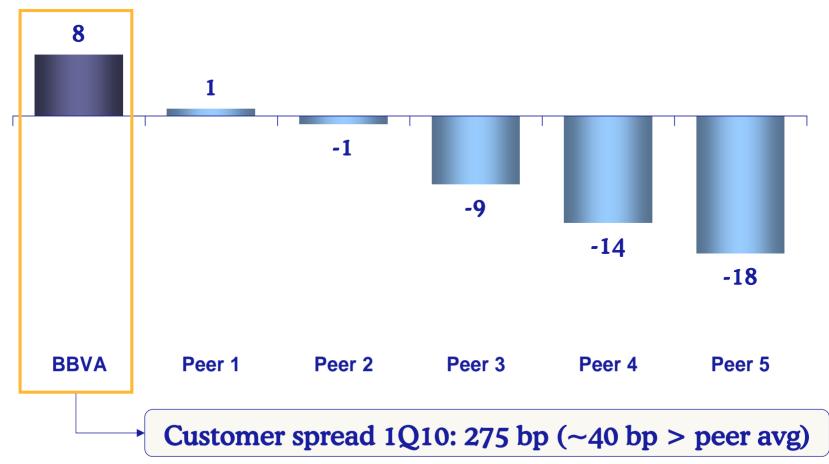

BBVA's S&P NII not "subsidized" by Corporate Activities (Corp Act NII +€89 M 1Q10/1Q09)

Thanks to effective commercial practices

Customer spread*

BBVA vs domestic peers basis points y/y change – 1Q10 / 4Q09

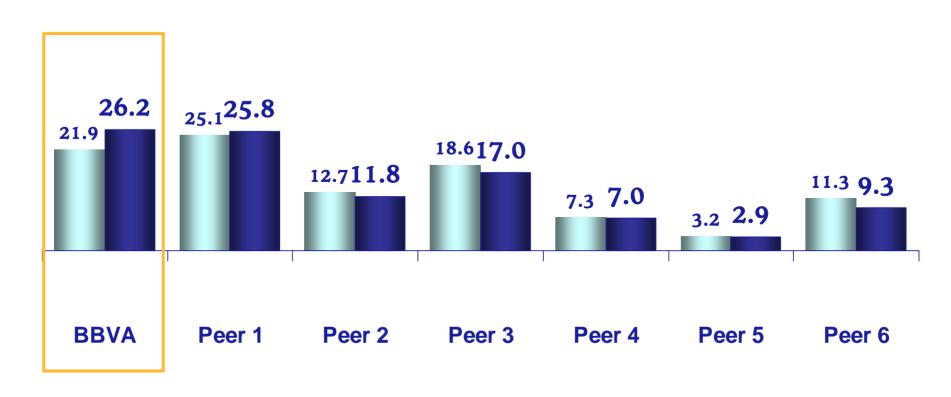

As a result, BBVA leads in the generation of core revenues

Contents

BBVA

1

High and recurrent operating income

2

Asset quality outlook reinforced

3

Outperforming in Spain

4

Strong franchises in attractive markets

5

Winner in Basel III

6

Attractive investment case

Strong organic capital generation ...

Tier I and total capital ratio BIS II (%)

High quality capital with RWA / TA* at 53.1%

... and liquidity position is excellent

- Planned issues in 2010 are covered
- Moreover, collateral available is ~ €66 billion
- Small balance sheet and retail structure
- Superior NSFR*: 102% BBVA vs 87% European peers

An advantage compared to peers

BBVA is well-positioned for regulatory changes on capital

BBVA

Change

BBVA

DTA Treatment

Low DTAS from tax loss carry forwad

Minorities

Small: To be compensated by proportional RWA reduction?

Pension liability deficit

Pension obligations fully funded

Leverage ratio

Among the least leveraged of Europe

Quality of Capital

High quality – low weight of hybrids

Capital gains/loss treatment

More favourable than current treatment by Bank of Spain

Analysts agree that BBVA is among the least impacted

Contents

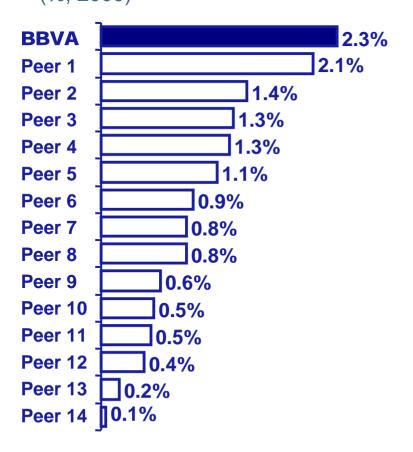

BBVA

- High and recurrent operating income
