Appointments Committee Report to the Board of Directors

Proposed re-appointment of José Maldonado Ramos as external director
Introduction

Article 529 of the Corporate Enterprises Act stipulates that the proposals for the appointment and re-appointment of the members of the Board of Directors shall be accompanied by an explanatory report from the Board of Directors assessing the competencies, experience and merits of the proposed candidate.

Also, Articles 3 and 33.1 of the Regulations of the Board of Directors of Banco Bilbao Vizcaya Argentaria, S.A. (hereinafter "BBVA" or the "Bank") stipulate that the Appointments Committee has the responsibility to report to the Board of Directors on the proposals for appointments, re-appointments or removals of Board members who are not independent directors, assessing for these purposes the balance of knowledge, skills and experience required at any given time by the Bank's corporate bodies, in addition to the conditions to be fulfilled by the candidates and the time dedication required to suitably perform their duties, in accordance with the needs of the Bank's corporate bodies at all times.

Structure, size and composition of the Board of Directors

The Appointments Committee has analyzed the current composition of the Board of Directors, as well as the need for its members to have a diversity of knowledge, skills and experience to enable them to discharge their functions adequately, with directors having extensive national and international training and experience, in areas such as banking and finance, accounting and risk, as well as legal, academic, business and new technologies.

Within the framework of this diversity of knowledge, competencies and experience, the Board of Directors comprises directors with extensive experience which affords them a deep understanding of the Bank's values and corporate culture and its national and international businesses.

Along with a suitable balance between the various categories of directors, implying that non-executive directors represent an ample majority over executive directors, with the aim of having a number of independent directors that represent at least half of the total number of directors, the
presence of external directors in the Board of Directors is considered that it helps ensure that the Board operates better and facilitates the progressive renewal process of the Bank's corporate bodies.

Furthermore, the Committee has assessed the conditions needed to hold the post of director of BBVA including the conditions attached to the status of Board member, education, professional experience and suitability, in the terms set forth below, also assessing the time dedication required for holding the position and taking care that, in any case, the directors have the requisite suitability and independence requirements.

In accordance with the above requirements and based on its analysis of the Board's structure, size and composition, the Appointments Committee has decided to submit to the Board of Directors this report related to the proposal for the re-appointment of José Maldonado Ramos as member of the Board of Directors of BBVA with the category of external director (hereinafter the "Report").
