Appointments Committee Report to the Board of Directors

Re-election of Carlos Torres Vila as an executive director
Introduction

Article 529 of the Spanish Corporate Enterprises Act stipulates that proposals for the appointment and re-election of members of the Board of Directors must be accompanied by a supporting report from the Board of Directors assessing the skills, experience and merits of the proposed candidate.

In addition, Articles 3 and 33.1 of the Regulations of the Board of Directors of Banco Bilbao Vizcaya Argentaria, S.A. (hereinafter, "BBVA" or the "Bank") stipulate that one of the functions of the Appointments Committee is to inform the Board of Directors of proposals for the appointment, re-election or removal of directors who are not independent directors. The Appointments Committee must assess the balance of knowledge, skills and experience that the Bank's corporate bodies may require at any given time, in addition to the conditions that candidates must fulfil and the time commitment required to adequately perform the role in accordance with the needs that the Bank's corporate bodies may have at any given time.

Structure, size and composition of the Board of Directors

The Appointments Committee has analysed the current composition of the Bank's Board of Directors, as well as the need for its members to have diverse knowledge, skills and experience to enable them to perform their roles adequately, with directors having extensive training and experience, both nationally and internationally, in areas such as banking and finance, accounting and risk, the law, academics, business and new technologies.

In the framework of this diversity of knowledge, skills and experience, members of the Board include executive directors, whose presence, along with an adequate balance among the different kinds of directors which implies that non-executive directors represent an ample majority over executive directors, with the purpose to have at least 50% of independent
directors on the Board, aids the proper operation of the Board and facilitates the progressive renewal of the Bank's corporate bodies.

Furthermore, the Committee has assessed the conditions required to hold the position of BBVA director—including those attached to the role of director, training and professional experience, in the terms described below—and the time commitment required, ensuring that directors always fulfil the suitability and independence requirements.

In accordance with the abovementioned requirements and taking into account its analysis of the Board's structure, size and composition, the Appointments Committee has agreed to submit to the Board of Directors this report on the proposal to re-elect Carlos Torres Vila as a member of BBVA's Board of Directors in the role of executive director (hereinafter, the "Report").
