[Definitions...](#)

## Description

The project is the refinancing of a 31-1.5 kW turbine wind farm with a total installed capacity of 4,605 MW, already in operation. The wind farm is located in New South Wales in an area with a high concentration of wind farms. The turbines are located on the privately owned property whose owner still uses the land for grazing. The sponsor has established a Community Benefit Fund to benefit the surrounding communities.
