Use of funds	Construction

Environmental and social management

E&S project category	B
E&S client category	B
E&S impact assessment	Yes
E&S management plan	Yes
E&S independent review	No

[Definitions...](#)

Description

Construction, operation and maintenance of a waste water treatment plant and marine outfall. Located in the district of Chorrillos, Lima province, the project will help to improve sanitary conditions for human settlements that now face health risks due to the proximity of waste water outflows and the Surco River. It will also be able to process 75% of the waste water generated in Lima and Callao.
