Basic information

Name	Chaglla
Sector	Renewable Energy
Country	Peru
Product	Project Finance
BBVA's role	Mandated Lead Arranger
Use of funds	Construction and operation

Environmental and social management

E&S project category	A
E&S site category	C
E&S impact assessment	Yes
E&S management plan	Yes
E&S independent review	Yes

[Definitions...](#)

Description

The project involves the construction, operation and maintenance of a 406-MW hydropower plant located on the Huallaga River, co-funded by the Inter-American Development Bank. It includes the construction of a 199 meter high dam that will flood 4.66 km², a 15.62 km water collection tunnel and a 137 km transmission line. 80% of staff will be hired locally.
