Basic Information

Name	Sabine Pass LNG
Sector	Oil & gas
Country	United States
Product	Project Finance
BBVA's role	Mandated Lead Arranger
Use of funds	Construction and operation

Environmental and social management

E&S project category	B
E&S site category	C
E&S impact assessment	YES
E&S action plan	YES
E&S independent review	YES

[Definitions...](#)

Description

The project consists of expansion of the existing terminal, which operates in transporting Liquefied Natural Gas. The expansion includes two new trains (5 and 6), which will provide increased processing of 1.4 million cubic feet a day, as well as facilities to support the process. The project location is adjacent to the existing terminal, in Cameron Parish, Louisiana. Construction will affect wetlands and the sponsor is working with the Army Corps of Engineers on mitigation measures.
