Environmental and social management	
E&S project category	C
E&S site category	A
E&S impact assessment	NA
E&S action plan	NA
E&S independent review	NA

[Definitions...](#)

Description

The Project is a concession for the modernization of the Walloon's street network lighting system. It includes the replacement of and management and maintenance of energy efficient LED street lights across the Walloon region's connected highways, ring roads, interchanges and national roads (875 km of highways, 350 km of interchanges and connections, and 1500 km of roads). The modernization program will reduce the energy consumption of the network and reduce the light pollution generated by the network [More information...](#)

Environmental and social impacts

Energy consumption (%)	-76
Total CO2 emissions (tons)	-166,000
Job creation (new posts)	400
Lights replaced (#lights)	100,000
