Definitions

Description

The project is the financing of three new photovoltaic plants, San Serván 6, 7 and 8, in the municipal area of Solana de los Barros, province of Badajoz, with a total installed capacity of a nominal 120 MW (138 MWp) which are currently under development. Project land is a rural area consisting of olive tree lands in most of the terrain. The loan was carried out as a green loan according to the Green Loan Principles and is certified under the Climate Bonds Initiative.
