

P&L Restatement for the business units and the Corporate Center

In order to allow a better understanding of the quarterly information to be released in the first quarter 2022 earnings presentation on April 29th, BBVA notifies that the information relative to some business areas will be disclosed with the following changes:

- Change in the allocation criteria of some expenses related to global technology projects between the Corporate Center and the business areas: until 2021, these expenses were allocated to the business units over an average period of 5 years, and from the first quarter of 2022 they will be allocated on a cash-out basis in the year in which the projects are starting to be implemented.
- Transfer of an equity desk in Global Markets (Corporate & Investment Banking) from Spain to Rest of Business (New York).

This reorganization of the reporting structure amongst the above-mentioned business units does not affect the Group's consolidated financial information.

To facilitate the comparison with previous quarters, and for information purposes, we enclose the variations of the income statements for the last 8 quarters according to the new reporting structure.
