14. The Opinions of Other Public Authorities Regarding Tender Offer (if available):

The acquisition by BBVA of more than 50% of Garanti's total share capital is subject to the prior approval of several authorities, both in Turkey and in other jurisdictions. As of the date of the publication of this information memorandum, BBVA has confirmed that all such regulatory approvals are received.

15. Other Issues:

Status of Garanti's Listed Subsidiaries

In case the shareholders that participate into the voluntary tender offer, this may also result in BBVA's acquisition of management control (as defined in the Communiqué) at Garanti Faktoring A.Ş. and Garanti Yatırım Ortaklığı A.Ş., two fully consolidated subsidiaries of the Garanti Bankası both of which are listed at Borsa İstanbul.

BBVA's proposed voluntary tender offer is primarily aimed at increasing its stake at Garanti Bankası, and not the two listed subsidiaries. In addition, asset contribution of each of these subsidiaries in the overall Garanti Bankası group is less than 1% as per the latest annual financial statements and as such these subsidiaries do not constitute a material portion of Garanti Bankası's business.

Therefore, if as a result of the voluntary tender offer, BBVA indirectly acquires the management control (as defined in the Communiqué) of such two listed subsidiaries, BBVA plans to apply for an exemption from the mandatory tender offer requirements for such subsidiaries as per Article (18)(1)(c) of the Communiqué.

Third-Party Transactions

BBVA and its affiliates, including Garanti Yatırım (which is a subsidiary of Garanti Bankası and an affiliate of BBVA), provide brokerage and investment management services to third-party clients, in connection with which they engage in unsolicited trading and brokerage transactions in Garanti Bankası shares on behalf of, and at the direction of, those third party clients.
